ArtixScanDI[®] 4020

Easy, Fast Duplex Scanner Increase Your Productivity

The ArtixScanDI 4020, a color duplex document scanner, is specially designed for the company or workgroup. With throughputs up to 40 pages per minutes, the ArtixScanDI 4020 offers high-speed efficient document imaging and great image quality. It has a built-in 100-page Automatic Document Feeder (ADF) reloader to increase efficiency. The recommended daily duty cycle is up to 2,000 sheets. It is perfect for converting large amounts of documents to be digital files.

The Microtek ArtixScanDI 4020 offers high 600-dpi optical resolution and 48-bit color depth, ensures that your scans will retain all the details and color fidelity present in the originals. In addition, the Hi-Speed USB (USB 2.0) interface gives effortless "plug-and-play" connectivity.

- True 600 dpi optical resolution and 48-bit color input
- 40 ppm/66 ipm black and white
26 ppm/33 ipm color
- 100-page automatic document feeder
- New advanced feed system prevents misfeeds and double-feeds
- Hi-Speed USB (USB 2.0) connection
- ISIS/TWAIN compliant
- Support Auto-crop, Auto-deskew
- Color dropout option for efficient forms processing
- 3 programmable function keys
