# ArtixScan DI-series ArtixScan DI 6240S

## Intuitive and Easy-to-access Scanner Buttons

The scanner is equipped with 3 physical buttons (Select, Scan/Stop, and Favorite) and a LED display at the top of the scanner, used to automate a number of predefined scan jobs, such as scanning to a file, sending images to your printer or e-mail accounts, and scanning for OCR. By just pressing a button, you can activate the function associated with it (F1, F2, F3, F4, F5, or Favorite) configured through the software, simplifying your operations and getting your scanning jobs done quickly.

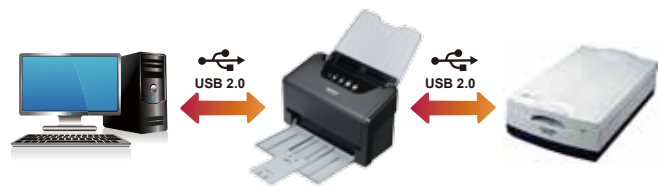

## Rapid Scanning with Low-noise Design

The scanner has dual CCD color sensors and a 600 dpi optical resolution. It can produce 40 ppm / 80 ipm A4-sized scans at 300 dpi in color, grayscale, and black-and-white, delivering excellent document sharpness needed in all your scanning tasks. With its low-noise design, the scanner is able to provide a quiet and pleasant working environment, especially perfect for the most of high-volume workplaces.

## Additional USB Hub Ability

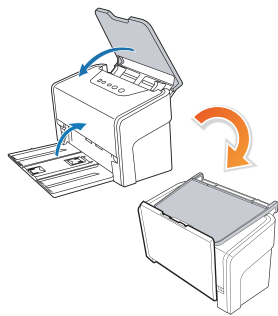

The ArtixScan DI 6240S with embedded USB hub allows you to connect an external USB device such as Microtek's flatbed scanners, storage devices, and hard drives, using Universal Serial Bus technology to a single USB port.

## Superb Document Handling Capability

The scanner lets you scan a wide variety of documents, including standard-size papers, invoices, postcards, and various cards such as business cards, ID cards, and credit cards, improving your productivity and saving your money in requirements of additional accessories. Its high-volume tray, which can be fed with a stack of up to 100 sheets of papers or 2 pieces of cards at a time.

## Foldable Trays Perfect for Tight Spaces

The ArtixScan DI 6240S is not only with an elegant appearance, it is also bearable and durable. Furthermore, its foldable trays brings you a lot of convenience when using it in a limit space, and it also makes storing and handling more easier when the scanner is not in use.

## Valuable Software Pack

Intuitive Microtek's ScanWizard DI offers you an all-in-one control panel with rich functionality. It lets you easily execute daily essential scan tasks, even without having to initiate a scanning session on the screen. Microtek's DocWizard, one scanning management software, is specifically designed for document scanners, with scanning, image processing, and file or book managing functions in straightforward operations to meet all professional digitizing needs.
